FOREWORD

We, the Senior class of 1979-80, here present you with photographs portraying our last year at Lafargue High School. We've tried to capture the most memorable moments of the year. The good, the bad, the exciting, the challenging all come together to climax our high school days.

Although there is no way to express in pictures or words the feelings of joy, pride, thanks, and now regret, that we feel, we hope that looking through this book brings to you some of these same emotions. As you gaze back on these pages in years to come, we hope that through these pictures you will be able to remember us just "The Way We Were" back in 1979-80.

A
MEMORIAL
TO
DIANA
FUQUA
1962-1977

Although she was a rather shy person with a casual smile, she was filled with happiness and love for all of her family and friends. She was lost to us in May of our freshman year, but she is still in all of our hearts. We will especially miss her on graduation night this year.

Her love of music and participation in band activities such as solo and ensemble, and junior-senior honor band brought her much happiness.

One does not ask why a loved one is taken, but we are sure her smile and friendliness are a blessing to His kingdom.
